Dawit S. Cherenet

Kitchener, Ontario, Canada | GitHub: github.com/dawitAbbay

Professional Summary

AWS Cloud Engineering professional with hands-on experience deploying scalable cloud solutions using Amazon S3, IAM, and AWS CLI. Brings 13+ years of leadership in automated manufacturing environments with strong expertise in troubleshooting, process optimization, and system efficiency. Focused on building cost-effective, secure, and scalable cloud infrastructure.

Technical Skills

Cloud: AWS S3, IAM, AWS CLI
DevOps: Git, GitHub
Languages: HTML, CSS, JavaScript
Concepts: Serverless, Lambda, API Gateway, DynamoDB, Infrastructure as Code

Cloud Projects

AWS Static Portfolio Deployment

- Deployed static website on Amazon S3 with public access configuration
- Automated deployment using AWS CLI improving efficiency
- Implemented secure bucket policies and access control

Serverless E-Commerce Architecture

- Designed scalable backend using AWS Lambda, API Gateway, and DynamoDB
- Built RESTful APIs enabling efficient client-server communication
- Applied event-driven architecture principles

Enterprise Cloud Migration (Concept)

- Designed migration plan from on-prem infrastructure to AWS cloud
- Applied Infrastructure as Code concepts using Terraform

Professional Experience

Paint Cell Leader – Mitchell Plastics (2013–Present)

- Led robotic production systems and supervised team operations
- Reduced downtime through troubleshooting and system monitoring
- Improved workflow efficiency and production quality
- Trained team members and enforced safety compliance

Education & Certifications

AWS Certified Solutions Architect – Associate | Amazon Web Services (AWS) | September 2026

- AWS Cloud Engineering Program – Afro-Coders Hub LLC (2025)
- Computer Skills Program Certificate (Fundamentals)
- AWS Skill Builder (40+ courses)
